

Shabbat Box Assembly Instructions

1. Carefully remove the pieces from the wood card.

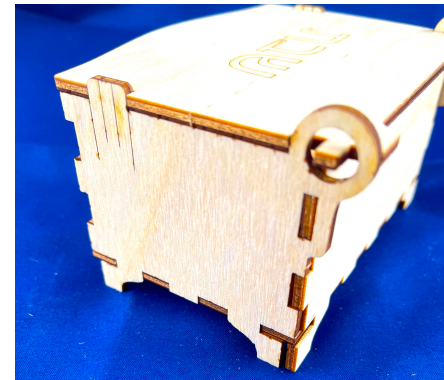

2. Fit the bottom piece into the back piece.

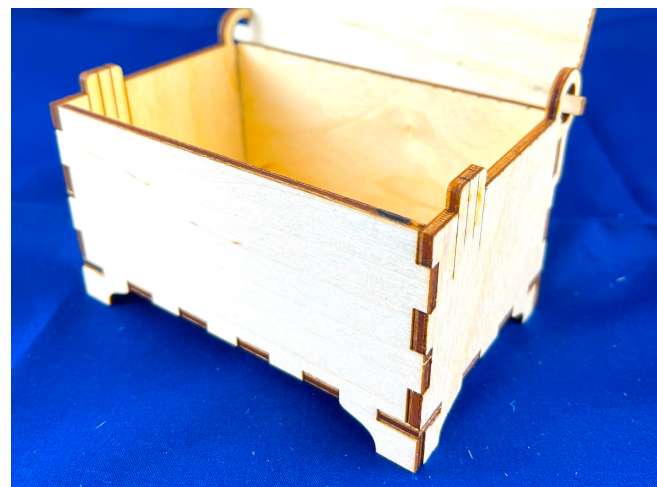

3. Fit one side piece in, make sure the circle is pointing up and towards the back.

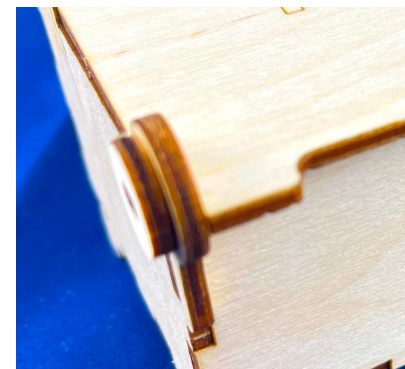

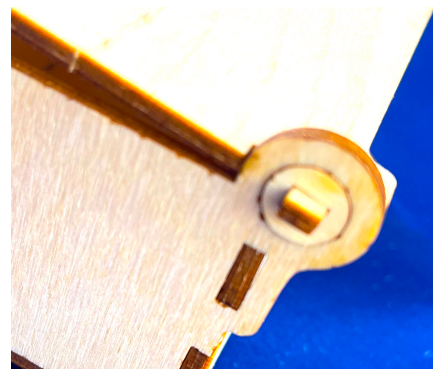

4. Fit one tab on the lid into the circle on the side piece. Then fit the second side piece so it attaches to the bottom, back, and lid pieces.

5. Fit the front piece in so it attaches to the bottom and sides.

6. On each side, press the small circular piece into the opening, and then fit the larger circular piece over the tab.

8. This box can hold together without the use of glue, but if you want to reinforce it, add a thin line of glue along the seams on the inside of the box.

9. TIME TO DECORATE!
